

YOU are unique and your home reflects it. So when it's

time to remodel or add on, Marvin builds the windows and doors that define your personal aesthetic and achieve your standards for beauty and quality.

Our products capture the classic details and design features that make historical homes special, and also employ the latest innovations and technologies when it comes to function and performance. Whether you need windows and doors for a new addition, a historic renovation or a replacement project, if you can imagine them, we can build them exactly to your specifications.

FOR EVERY STYLE OF HOME, THERE ARE ENDLESS STYLES OF WINDOWS AND DOORS.

Even though we offer thousands of shapes and sizes of windows and doors, none are considered standard. Each is built specifically for the needs of the project. Every home remodeling project presents its own unique challenges, so from the most basic window or door to the most complex, each one is individually tailored to your needs. We specialize in historic replications, making sure the divided lite patterns, hardware finishes, clad colors and custom features are true to the style of the home while adding heightened performance and energy efficiency. Our Built around you™ philosophy means if you can dream it, we can build it.

LET YOUR IMAGINATION
ROAM AND WE'LL
BUILD THE WINDOWS
AND DOORS TO MATCH.

A bay or bow window from Marvin turns
an ordinary wall into an extraordinary
expression of your personal style.

Play with any combination of shapes
plus divided lite configurations and we'll
build the multi-window display that best
captures your view.

Open up the room with our Ultimate
French Swinging Doors. Thoughtfully
designed from the extra wide stiles and
tall bottom rails to the ergonomically
designed handle that cradles your palm.

THERE IS HISTORY IN EVERY DETAIL.

Classic touches are what make older home designs beautiful. With Marvin windows and doors, you can remodel a historic home and match every original classic detail, while benefitting from improved efficiency, and state-of-the-art functionality. Capture the period of any home with endless options for hardware, divided lites, glass, ogee lugs, exterior clad and more.

ARCHITECTURAL HARDWARE For more options visit www.marvin.com.

CLAD CASINGS & SUBSILLS

When it comes to design, clad casings and subsills add the details, color and texture to windows and doors that help make your vision come to life. Marvin's 19 clad colors, 9 casing profiles and 6 subsill options give you the flexibility to express your personal style.

- You can choose from a wide array of clad colors, or we can create a custom color that springs from your imagination.

- Add exterior clad casing to Marvin windows and doors to enhance your home's architectural detail. These casings provide the look of wood but are a durable, low maintenance alternative.
- Tying it all together, Marvin has a wide selection of subsills to complement your choice of casing.

Marvin offers you choices to replicate virtually any look and match the historic integrity of the home.

See page 22 for more options.

Ogee LUGS

Ogee lugs are available for both wood and clad-wood windows, and can be added to the exterior of the top sash at the bottom rail. They are perfect for adding a historic detail to renovations and new construction.

ULTIMATE REPLACEMENT CASEMENT WINDOW

INTERIOR

EXTERIOR

EASY WASH MODE

THE CASEMENT THAT REPLACES ANYTHING.

Introducing the Ultimate Replacement Casement. Now Marvin offers you ultimate design flexibility with superior performance in a window that can be used as a frame-in-frame insert or complete window replacement for a casement, double hung or virtually any other style of window. When it comes to performance, a revolutionary hardware system provides the widest open views even at extra-large sizes. Standard options give you the ability to replicate the look of double hungs. Now you can finally replace your old window, vastly improving its performance and upgrading energy efficiency, while resting assured that your original architecture style is preserved.

INTERIOR

EXTERIOR

DESIGN POSSIBILITIES

REVIVE THE BEAUTY WHEN YOU REPLACE THE WINDOW.

With the Ultimate Insert Double Hung window you have a beautiful alternative to vinyl replacement windows. There's no need to take out the current frame, remove trim, replace wallpaper or disturb siding. The frame-in-frame design is crafted specifically to your window opening, so it fits perfectly into the existing space. Options like a flat or beveled frame ensure a snug fit. The sash even tilts or comes out for easy cleaning, so there's less work and more time to enjoy the scenery. And Marvin's vast array of hardware finishes, wood species and clad colors means you'll get the exact look you want.

STANDARD FEATURES

- One-lite Low E II with argon insulating glass
- Satin Taupe sash lock
- Bare wood interior
- All wood exterior (wood units)
- Extruded aluminum clad exterior (clad units)
- 4 $\frac{9}{16}$ " (116 mm) jambs (wood units)
- 3 $\frac{1}{4}$ " (82.5 mm) jambs (clad units)
- Installation hardware

TILTING SASH

The hardware easily operates with one hand so hard to clean areas become accessible with the tilt feature.

TILT PAC® DOUBLE HUNG SASH REPLACEMENT KIT

TILT PAC® DOUBLE HUNG KIT

THERE'S NEW LIFE FOR YOUR OLD WINDOWS.

With the Marvin Tilt Pac Double Hung kit, replacing the sash on your double hung window is an exercise in simplicity. This sash replacement kit is designed specifically for replacing older double hung windows; the Tilt Pac is ideal if the frame is in good shape, but the sash or hardware need replacement. Both sash are fully operational and tilt in for easy cleaning. Create or match the lasting look you want with a variety of divided lites, screens and hardware finishes. Everything you need is included so all it takes is just four simple installation steps and you'll be admiring the brand new, great looking, energy efficient windows you've been dreaming about.

STANDARD FEATURES

- Clear, one-lite insulating glass
- Satin Taupe sash lock
- Bare wood interior
- All wood exterior (wood units)
- Extruded aluminum clad exterior (clad units)
- Installation hardware

MAGNUM TILT PAC PANNING SYSTEM.

For extra-large sizes, try the Magnum Tilt Pac. Optional Magnum Panning Systems cover weathered exterior sills and trim with a new exterior of low-maintenance extruded aluminum panning. Panning is easy to assemble.

REPLACEMENT SOLUTIONS FOR FULL-FRAME TEAR OUTS

Options for when the existing frame is in bad condition, a new addition, or when creating a completely different window style.

ULTIMATE DOUBLE HUNG WINDOWS

Marvin's popular, versatile, state-of-the-art Double Hung window showcases authentic looking lines and hardware, plus jambs that feature more wood than common double hungs.

- Both sash tilt effortlessly in or can be removed for easy cleaning.
- Classic looks with optimum energy efficiency.
- Choose from rectangular or round top variations.

ULTIMATE DOUBLE HUNG MAGNUM WINDOWS

The Ultimate Double Hung Magnum is designed for large residential areas, commercial applications and historic renovation.

- Available as large as 5 1/2' wide x 10 1/2' tall.
- Its site lines and profiles match Marvin's Ultimate Double Hung family of products, so window types can be mixed and matched as the size of the opening requires.
- A high quality spiral balance system meets AAMA 902-99 Class 5 specifications providing smooth operation at every size.

BAY WINDOWS

Traditionally, bays are made from three windows: a large picture window is flanked by smaller windows on the sides that are set at 30°, 45°, 60° or 90° angles.

- Ideal for accentuating and enhancing views.
- A great way to add a window seat.
- Bays can be as cozy or expansive as you wish.

ULTIMATE DOUBLE HUNG ROUND TOP WINDOWS

Standard double hung window with a half round or elliptical transom.

VARIATION 1

Double hung window with true radius upper sash and frame. Both interior and exterior have radius top.

VARIATION 2

Standard double hung window on the interior with arched exterior casing.*

VARIATION 3

Double hung window with eyebrow radius upper sash and frame. Both interior and exterior have a radius top.

VARIATION 4

Standard double hung with a rectangular sash and radius glass designed to have a round top appearance*.

VARIATION 5

Standard double hung with a round top appearance from the exterior, thanks to curved exterior components. Interior has a standard frame with rectangular sash and radius glass*.

* Available for wood windows only.

VARIATION 6

POLYGONS AND SPECIAL SHAPE WINDOWS

Direct Glaze maximizes the light coming through the window. Glass is set directly into the window frame, maximizing the glass surface of the window.

DIRECT GLAZE

In-Sash windows have a sash that is set in the frame of the window. In-Sash is a great option when you want to match the sight lines of other windows or doors in your house.

IN-SASH

Polygons and special shapes are used to add dimension and drama to a window design. Choose from octagons, hexagons, trapezoids, pentoids, triangles—virtually any geometric shape. Both polygon and picture windows are available with a variety of glass and divided lite options.

CASEMASTER WINDOWS

A Casemaster opens and closes from the side, like a book, when the crank handle is turned.

- Sleek looks and smooth, clean millwork suit many architectural styles.
- Ideal for creating unique arrangements with picture or awning windows.

AWNING WINDOWS

The Awning is designed to accompany Casemasters, Picture windows and other Awnings, adding height, light and ventilation wherever you need it.

- Designed to circulate air without exposing your room to light rain.
- Hinged to open out at the bottom using a crank handle.

BOW WINDOWS

Any number of Casemaster or Ultimate Double Hung windows can be joined together to create this gently curved window design, the Bow Window.

- A lovely way to open any room and capture a view.
- Curved, laminated seat and head boards are available for a perfect finish.

VENTING PICTURE WINDOWS

With a generous unobstructed view, the patented Marvin Venting Picture window takes the industry to new heights by combining the beauty of a picture window with the opportunity for cross-ventilation.

- Similar profiles as other Casemaster products
- A great solution for adding ventilation to the room

TILT TURN AND HOPPER WINDOWS

The Tilt Turn window is a dual-functioning window: swing it in like a door or tilt the top into your room for ventilation. The Hopper is situated horizontally so it virtually “scoops” air into the room.

- One handle controls both operations.
- A great window for emergency exit access and easy cleaning.

GLIDER WINDOWS

The Glider is a reliable and space-saving choice for simple operation and energy efficiency.

- A Glider’s sash slides horizontally on the window sill.
- It’s a perfect window for areas where a swinging sash would be in the way, for example, overlooking a deck or porch.

ULTIMATE SWINGING FRENCH DOORS

INSWING

OUTSWING

THIS DOOR KNOWS HOW TO MAKE AN ENTRANCE.

Unmatched in fit and finish, our Ultimate Swinging French Doors offer you a remarkable amount of design flexibility with trusted Marvin quality. The inswing model accentuates any interior with generous amounts of space while the outswing is ideal for high-traffic areas or limited interior space. When it comes to renovations, these doors are also the perfect solution – several options are available to offer the design flexibility of replicating original historical details. Designed to the nth degree, most come with a DP40 rating for commercial-grade performance. And the sill is made with super tough Ultrex® – so your sill doesn’t warp, rot, corrode or fade over time.

STANDARD FEATURES

- Tempered, one-lite insulating glass
- Multi-point locking system on the active panel
- Head and foot bolts on inactive panel
- Satin Taupe adjustable hinges
- Oak liner on beige Ultrex sill
- Bare wood interior
- All wood brick mould casing (wood units)
- Extruded aluminum clad exterior (clad units)
- 4 9/16" (116 mm) jambs

INTERIOR	EXTERIOR	DESIGN POSSIBILITIES

SPACE-SAVING, BUT AWE-INSPIRING.

Enjoy the elegance of our French door in a space-saving sliding version. Our Ultimate Sliding French Doors are thoughtfully designed from the extra-wide stiles and tall bottom rails to the ergonomically designed handle that cradles your palm. Screens are top hung so they glide smoothly and won't slide off the track. The multi-point lock comes standard, or you can choose the three-point locking system for added security. With 19 clad color varieties and our Standard or Ultimate Screens, you can have the French door that speaks to your style.

STANDARD FEATURES

- Tempered, one-lite insulating glass
- Multi-point locking system
- Oak liner on beige Ultrex® sill
- Bare wood interior
- All wood brick mould casing (wood units)
- Extruded aluminum clad exterior (clad units)
- 4 9/16" (116 mm) jambs

EXTERIOR

These are only a few designs for divided lites.
Go to www.marvin.com for more possibilities.

DESIGN POSSIBILITIES

EVEN YOUR PATIO DOOR CAN HAVE UNRIVALED PERFORMANCE.

Sophistication and contemporary design are matched with smooth operation to create doors that perform beautifully. Our Sliding Patio Doors feature two large glass surfaces that allow light to make a grand entrance into any room. Three-inch stiles and rails plus a sill made from super tough Ultrex®, a pultruded fiberglass material, add to the sturdiness and performance, while features like the harp-shaped handle provide an elegance that elevates a patio door to perfection.

STANDARD FEATURES

- Tempered, one-lite insulating glass
- Two-point locking system
- Oak liner on beige Ultrex sill
- Bare wood interior
- All wood brick mould casing (wood units)
- Extruded aluminum clad exterior (clad units)
- 4 9/16" (116 mm) jambs

DIVIDED LITES

SIMULATED DIVIDED LITE (SDL)

SDL is an energy-efficient way to create the look of divided lites. SDL bars are permanently adhered to both sides of the glass.

SIMULATED DIVIDED LITE WITH SPACER BAR

SDL bars are combined with spacer bars installed between the glass, creating the essence of Authentic Divided Lites.

AUTHENTIC DIVIDED LITE (ADL)

Separate panes of glass are glazed between muntin bars—the way windows have been made since the beginning. Now, Marvin's state-of-the-art design adds traditional appeal. (Available for wood units only.)

GRILLES

Solid wood Grilles on the interior offer the look of classic divided lites, but can be easily removed for cleaning.

GRILLES-BETWEEN-THE-GLASS (GBG'S)

Grilles are permanently installed between the glass panes. This low-maintenance option creates the look of divided lites.
